- *Exposure* : East
- *Harvesting* : Manual with sorting in the vines
- *Duration of ageing* : 18 Months
- *Cultivation* : **Certified Organic** since 2024

Ideally situated at the top of the hillside in Auxey-Duresses, the “**Les Vireux**” *climat* thrives on a prime slope right on the border of the **Meursault “Les Vireuils”** appellation. This exceptional *terroir* historically takes its name from an old French word evoking the plots of land that follow the curve of the hillside.

Grown at the edge of the forest, these **old Chardonnay vines** are rooted in a shallow, very stony limestone soil marbled with red-brown iron oxides.

The nose reveals a delicate bouquet of white flowers. On the palate, the wine is lively, elegant and driven by a remarkable tension, before giving way to a fresh finish with briny notes.

A **precise, vibrant, and elegant white Auxey-Duresses** that encapsulates all the freshness of its hillside and the purity of its limestone soil. While highly appealing in its youth, this wine will increase in depth and complexity after a few years in the cellar, to reveal the true nobility of its *terroir*.
