

## BOURGOGNE

### Les Lormes

- *Lieu-dit* : « Les Lormes »
- *Varietal* : 100 % pinot noir
- *Year of planting* : 2009, 2017
- *Plantation density* : High, with 11,000 plants per hectare
- *Terroir* : Shallow, poor clay-limestone soil
- *Altitude* : 230 meters
- *Exposure* : South
- *Harvesting* : Manual with sorting in the vines
- *Duration of ageing* : 12 – 14 months
- *Cultivation* : Conversion to organic practices began in 2020.

This one-hectare plot is located at Les Lormes in Pommard, just beneath the chateau. It is planted on poor, shallow, and very well-drained soil; ideal Pommard *terroir* for the Pinot Noir grape.

This unique *climat* gives these young vines the opportunity to express a beautiful balance between minerality and roundness, with a profusion of fruit and finesse.

This *cuvée* of Bourgogne Les Lormes, produced from a selection of the very best grapes, is extremely expressive on the nose and easy on the palate. It is a delicate and charming Pinot Noir for enjoying right away.
